PRODUCT GUIDE

A Star is Born. Hollywood 1975.

Jeff Pink created the French Manicure and stylists breathed a collective sigh of relief. What started as a natural nail look designed to help actresses speed up the transition between costume changes, became the most enduring and iconic nail look in the industry. Then came treatments, lacquers, more lacquers and the very first better-for-your-nails gel. And of course all the color, shimmer, sparkle and shine. It all started with Jeff Pink almost 40 years ago and his unwavering commitment to the industry promises many colorful years ahead.

Painting by Françoise Nielly. The artist mixed her own pigments to match popular ORLY nail lacquer shades.

THE ORIGINAL FRENCH MANICURE

Once it hit the runways of Paris, Jeff knew he had the perfect name... the French Manicure!
